

Sokol Blosser

DUNDEE HILLS, OREGON

Est. 1971

2014 ORCHARD BLOCK PINOT NOIR

Our Single Block program showcases the variation and nuanced expressions of the different vineyards on our Estate. Due to replanting our estate vineyard from 1998 to 2011, our single block production has ranged from limited to none each vintage. Now, mature and back in full production, we are pleased to share these limited production and distinct expressions of our extraordinary estate vineyard blocks.

Established on six acres of the Sokol Blosser estate that used to be an orchard of plum trees intended for prunes, our Orchard Block was given its name because, as Susan Sokol Blosser said, “Prune Block” just doesn’t sound as appealing. The block is planted to a single clone of Pinot Noir, Dijon 777 in the famous clay loam Jory soil.

Our **2014 Orchard Block Pinot Noir** is brimming with flavors and aromas of blackberry, black cherry and truffle.

VINTAGE HIGHLIGHTS

Like the rest of the world, 2014 was a really warm year in Oregon. This was the largest crop we have ever seen at Sokol Blosser, and 2014 was our 44th year of winegrowing in the Dundee Hills. Such a large crop can greatly increase disease pressures, but with the dry summer and dry harvest time conditions, the crop came in as clean and disease free as in 2012.

WINEMAKING

Appellation: Dundee Hills

Made with 100% organic grapes, certified by the Oregon Department of Agriculture

100% barrel-aged in French oak for 17 months with 44% new barrels

13.5% alcohol by volume | 400 cases produced

10 to 15 year lifespan in a proper cellar

In 1971, the Sokol Blosser family planted grapes on just five acres in the Dundee Hills. As one of the pioneering wineries of the region, Sokol Blosser has played a key role in developing and shaping the now-prominent Oregon wine industry. The winery is family owned and operated, with the second generation now at the helm: siblings Alex and Alison Sokol Blosser. Achieving B Corp certification in 2015, the estate has grown to more than 128 acres under cultivation, and the winery works to create wines of world-class quality, produced in a sustainable manner, which reflect the distinctive flavors of the grapes, soil and climate. Cheers!
