“KEEP EVOLVING” - THE SOKOL BLOSSER FAMILY

EVOLUTION SPARKLING ROSÉ

Your reason to celebrate:

Five years ago we created Evolution Brut Sparkling, a true méthode traditionnelle sparkling wine. It was soon clear that this wine needed a companion in our lineup. With that in mind we're excited to introduce another dimension to the Evolution family of wines, Evolution Sparkling Rosé. Using the same méthode traditionnelle process, we created this lovely pink version using a base that is predominately pinot noir. Much like our Brut Sparkling, this Evolution Sparkling Rosé will provide you with beautiful consistent bubbles, delicate fruit flavors, and an opportunity for endless conversations...but in pink! Enjoy!
