

Bluebird Cuvée Brut Sparkling Willamette Valley, Oregon 2022

Our story began in 1971 when our parents, Susan Sokol and Bill Blosser, first planted vines in Oregon's Dundee Hills. As second generation winegrowers, we are passionately committed to our family's legacy of creating world-class wines, through sustainable methods, which express our distinctive hillside vineyards.

VINTAGE HIGHLIGHTS

What started as a dry winter turned into a deluge of rain in the springtime. We had the wettest and coldest April/May/June in recorded (130 years) history. Freezing temperatures on the morning of April 14th and 15th knocked back the fragile new growth, in fact, until crop estimates were done in late August, we thought our crop yields would be down by 50-60%. In over 51 years of growing grapes here in the Dundee Hills we have never seen a freezing event during the growing season, so we had no idea what was going to happen. The primary buds froze and died, but the secondary buds came on, produced fewer but larger clusters, and the vines made a miraculous comeback. The coldest and wettest spring turned into the 2nd warmest and driest summer on record, and then we got to October. Fortunately we got the warmest October in Oregon history, we were able to let the grapes hang, and the rains stayed put until all our Estate fruit was in on Thursday, October 27th. We are thrilled with the wine produced from this vintage!
